## What to turn in

Your first sketch next to your final model, with evidence. Then decide what goes home.

## No computer? Another way to do it

Share by pointing to labels or with a written card.

## Finished early? Next challenge

Improve the same work or rehearse your explanation. Ask before taking more materials.

## Stay safe

Keep demonstrations at the approved stations. Reset loose parts and walk between displays.

## Stuck? Try this order

1. Read the step again, out loud if you can.
2. Ask a partner at your table.
3. Raise your hand. Keep working on the next part while you wait.
