CIRC HQ STUDENT HANDOUT | GRADES 5 AND 6

Fact card 2: Design it and share

Goal: I can design a clear fact card with my three facts and source, then share it with my teacher.

You are done when

Tell a partner which fact is most surprising.

You will use

- Existing school devices on the cart
- School Canva through resources.svsd.net
- Fact sheets from last time
- Paper and markers for the fallback

Steps

35 minutes total. Your teacher says when to move on.

1 Step 1: Sign in — 4 min

- Get your device.
- Open resources.svsd.net, then Canva.
- Sign in with your school account.

2 Step 2: Read a good card — 3 min

- Look at a fact card shown small.
- What makes it easy to read?

3 Step 3: Design your card — 14 min

- Start a blank design or a simple template.
- Add your three facts and your source line.
- Use two colors and one clear font.

4 Step 4: Partner check — 4 min

- Trade screens. Can your partner read it from a step back?
- Fix one thing.

5 Step 5: Share with teacher — 4 min

- Choose Share.
- Add your CIRC teacher's school account.
- It is turned in when your teacher can open it.

6 Step 6: Devices back — 3 min

- Close Canva.
- Put your device back on the cart and plug it in.

7 Step 7: Show your result — 3 min

- Tell a partner which fact is most surprising.

What to turn in

Share with your CIRC teacher's school account. It is turned in when your teacher can open it. Keep public and link sharing unchanged.

No computer? Another way to do it

Make the card on paper with the same checklist.

Finished early? Next challenge

Add a small picture or icon that matches one fact.

Stay safe

Use school Canva only. No new accounts, purchases or downloads. Share only with the teacher.

Grade targets

Grade 5: Two colors, one font, three facts and the source line.
Grade 6: Explain one design choice that makes the card easier to read.

Stuck? Try this order

1. Read the step again, out loud if you can.
2. Ask a partner at your table.
3. Raise your hand. Keep working on the next part while you wait.
