CIRC HQ STUDENT HANDOUT | GRADES 5 AND 6

Check the AI answer

Goal: I can check claims in an AI-style answer against a trusted source and fix what is wrong.

35 minutes | 7 steps | Library and Information Literacy, Digital Literacy | Playbook B meeting 24

Ask | Plan | Build | Test | Improve

You are done when

Read your fixed claim and its source.

You will use

- Printed AI answer cards the teacher prepared
- Library books or teacher-listed sites
- Highlighters or colored pencils
- Pencils

Steps

35 minutes total. Your teacher says when to move on.

1 Step 1: Get ready — 3 min

- Get your AI answer card.
- Read the goal: check, then fix.

2 Step 2: Tell your partner — 1 min

- Tell a partner a time something online was wrong.

3 Step 3: Watch a check — 5 min

- AI tools can sound sure and still be wrong.
- Watch the teacher check one claim.

4 Step 4: Check the claims — 13 min

- Read your AI answer card.
- Find each claim in a book or checked source.
- Mark it: matches, wrong, or cannot find.

5 Step 5: Fix the answer — 6 min

- Rewrite one wrong claim correctly.
- Add where you found it.

6 Step 6: Reset together — 4 min

- Return books.
- Put your card in the class folder.

7 Step 7: Show your result — 3 min

- Read your fixed claim and its source.

What to turn in

Your checked card with one claim fixed and its source.

No computer? Another way to do it

The whole lesson runs on paper with books.

Finished early? Next challenge

Write one question you would ask an AI tool so the answer is easier to check.

Stay safe

No student AI accounts. Students read printed answers only.

Grade targets

Grade 5: Check two claims with a partner.
Grade 6: Check every claim and explain why the wrong one might sound right.

Stuck? Try this order

1. Read the step again, out loud if you can.
2. Ask a partner at your table.
3. Raise your hand. Keep working on the next part while you wait.
